EXPERIENCE

Health Informatics / HMIS Officer
Mar 2025 to Present

PATH · Kenya (multi-site INGO)

- Implemented and supported digital programme MIS (KenyaEMR/TaifaCare, DHIS2) across facilities, with SQL validation and DQA so dashboards matched source systems.
- Built Power BI and Tableau dashboards, maps, charts and infographics for care and treatment, PMTCT and E-TEC, cutting reporting effort about 40%.
- Worked with programme and MEL-adjacent teams on data quality audits and evidence packs for internal and external reporting.

ECD Programme MIS and ICT
2024 to 2025

PATH · Kenya | programme closed 2025

- Ran digital and manual MIS for PATH ECD: collection tools, Excel and Kobo trackers, cleaning, and Power BI packs so programme meetings started from a number they could defend.
- Onboarded and trained programme and field staff, coached late entry, and kept hard copy and digital sources backed up until close-out.

ICT Associate
Jan 2024 to Mar 2025

PATH · Kenya (INGO, multi-site)

- Supported OVC and DREAMS in the field as the ICT person: devices, connectivity, data tools and reporting so mentors and case workers could enter on time.
- Mentored youth and trained ICT hubs; resolved Salesforce tickets for PATH users (login, access, forms and reports) and delivered MIS and ICT technical assistance on Freshdesk and Jira Service Management.

ICT Intern
Apr 2023 to Dec 2023

PATH · Kenya

- Supported Excel trackers, digital tools and end-user documentation under INGO reporting cycles.
