120+	~98%	80+	AZ-900
USERS SUPPORTED	UPTIME	STAFF TRAINED	MICROSOFT CERT

PROFILE

ICT Officer with around three years at PATH installing, configuring and maintaining computer hardware, software and networks for 120+ users at roughly 98% uptime. Provides user support and training, writes technical and user documentation, and keeps Windows, Microsoft 365 and Active Directory running. Protects information and the network (MFA, least privilege, patching). Writes and tests programmes to specification (Python, SQL, Next.js). Holds Microsoft Azure Fundamentals (AZ-900) and completed CCNA coursework. Ready to relocate to Nairobi.

Hardware and software Install, configure and maintain Windows 10/11 PCs, imaging, printers, Microsoft 365, day-to-day ICT platforms
Networks and security LAN/WAN, DNS, DHCP, VPN, Cisco Meraki, MikroTik, CCNA coursework; MFA, Active Directory, least privilege, endpoint protection, firewalls
User support and training 1st/2nd-line support, Freshdesk/Zoho Desk, ITIL/SLA, 80+ staff trained, clear English
Documentation and systems Technical, systems and user documentation, SOPs, knowledge base, implement systems, ICT resource and asset registers
Programming to spec Write and test Python, SQL and Next.js applications and APIs to instructions; REST integrations

EXPERIENCE

Health Informatics / HMIS Officer
Mar 2025 to Present

PATH · Kisumu/Nyamira, Kenya (Hybrid)

- Operate and maintain ICT platforms alongside systems work for 120+ users, keeping critical services above 98% uptime.
- Implement and support computer systems, write technical and user documentation, and train staff on secure, correct use.
- Protect information and the network: access control, MFA, backups, encryption, and vulnerability follow-up.

ICT Associate
Jan 2024 to Mar 2025

PATH · Kisumu, Kenya

- Installed, configured and maintained computer hardware, Windows 10/11 software, and ICT infrastructure for 120+ users. Ticket response improved about 25%.
- Provided user support and training; wrote knowledge-base articles and SOPs so staff could keep using the systems after the fix.
- Managed day-to-day platforms: Active Directory, Microsoft 365, Cisco Meraki networks (LAN/WAN, DNS, DHCP, VPN, Wi-Fi).
- Supported ICT resource control and procurement inputs: asset inventory, licence awareness, vendor and ISP specifications when equipment or connectivity was due.

Digital Systems & IT Support
2023 to Present

Independent / Freelance · Remote (project-based)

- Wrote and tested programmes and APIs to specification (Next.js, TypeScript, Python, SQL), including a platform with 40+ REST APIs, then documented how to run it.

ICT Intern
Apr 2023 to Dec 2023

PATH · Homa Bay, Kenya

- Supported hardware, LAN/WAN, imaging, Freshdesk tickets, and process documentation under ITIL and SLA.

EDUCATION

BSc, Applied Computing · KCA University, Nairobi · November 2023
Cybersecurity and Digital Forensics. Coursework: Ethical Hacking, Digital Forensics, Data Protection, Cloud Computing.

CERTIFICATIONS

AZ-900 · CCNA coursework (Cybrary) · Google IT Support · IBM Technical Support · GitHub Professional · Microsoft Data Analysis
