120+	~98%	M365	20h
USERS SUPPORTED	UPTIME	TEAMS / SHAREPOINT	SEATTLE HOURS

PROFILE

IT Microsoft Support Specialist with about three years at PATH, a healthcare organisation, supporting 120+ users at roughly 98% uptime. First-line Microsoft 365: Outlook, Teams, SharePoint, OneDrive, Office apps, plus Windows, printers, and basic connectivity. I own the ticket: password resets, MFA, onboarding and offboarding, licences and permissions, then I write the how-to so the CEO is not answering the same question twice. Entra ID / Azure AD, Microsoft 365 Admin Center, Freshdesk. Remote support. Clear English with non-technical staff. Available 20 hours a week inside Seattle business hours.

Microsoft 365 Admin Center, Outlook, Teams, SharePoint, OneDrive, Office apps, licences, onboarding and offboarding
Identity / access Entra ID / Azure AD, Active Directory, MFA, password resets, role-based permissions, least privilege
Help desk Ticketing, prioritise, escalate to vendors or management, remote desktop / TeamViewer-style sessions, SLA
Windows / hardware Windows 10/11, desktops, peripherals, printers, basic network connectivity, asset inventory, warranty and repair
Security / privacy Phishing awareness, unauthorised-access watch, MFA, healthcare data hygiene, SOPs and how-to guides
Delivery Report to leadership, independent remote work, train non-technical users, AZ-900

EXPERIENCE

Health Informatics / HMIS Officer

Mar 2025 to Present

PATH · Kenya (Hybrid / Remote) · healthcare

- Primary Microsoft 365 support for healthcare staff: Outlook, Teams, SharePoint, OneDrive, accounts, MFA, and access. Keep identity and mail working at over 98% uptime.
- Onboarding and offboarding: provision accounts, licences, and permissions by role. Leavers lose access the same day.
- Write how-to guides and SOPs for recurring questions so non-technical users, and leadership, are not stuck on the same ticket.

ICT Associate

Jan 2024 to Mar 2025

PATH · Kenya (multi-site healthcare)

- First-line help desk for 120+ users: Freshdesk tickets, password resets, MFA, Windows, printers, and basic connectivity. Response about 25% faster under SLA.
- Administered Microsoft 365 and Active Directory / Entra ID. Remote sessions when the user was not in the room. Escalated to vendors or senior IT when the break was outside the runbook.
- Kept a live hardware and licence inventory. Trained 80+ staff on secure use so phishing and leftover access did not become the next incident.

ICT Intern

Apr 2023 to Dec 2023

PATH · Kenya

- Supported Windows desktops, printers, imaging, and Freshdesk tickets. Learned to write what was already tried before handing a case up.

Microsoft 365 setup (project-based)

2023 to Present

Independent · Remote

- Set up Microsoft 365 and Google Workspace for small businesses: accounts, onboarding, and the short guide the next admin could follow.

EDUCATION **BSc, Applied Computing · KCA University, Nairobi · November 2023**
Cybersecurity and Digital Forensics. Coursework: Ethical Hacking, Digital Forensics, Data Protection, Cloud Computing.
