PROFILE

Microsoft 365 and IT support professional with around three years at PATH supporting 120+ users across multiple sites at roughly 98% uptime. Administers Microsoft 365, Entra ID and Active Directory (MFA, least privilege, Teams, SharePoint), keeps backups, patching, and endpoint protection running, and supports people remotely. Also delivers project-based Microsoft 365 setup for small businesses. Writes SOPs, works independently, and is ready for Australian Eastern Time hours.

Microsoft 365 / Entra Exchange Online, Teams, SharePoint, licences, Entra ID / Azure AD, Active Directory, group policy, MFA, least privilege
Endpoints & security Windows 10/11, imaging, patching, endpoint protection/EDR, MFA; ready to work in Intune and Defender
Backups & health Veeam/rsync backups, disaster recovery, Windows and Linux servers, encryption, uptime monitoring
Multi-environment Remote support across sites, SMB Microsoft 365 setup, context switching, SOPs, knowledge base
Operations Freshdesk, Zoho Desk, ITIL/SLA, ticket quality, independent remote delivery
RMM-adjacent Cisco Meraki monitoring, remote administration; ready to ramp the client's RMM

EXPERIENCE

Health Informatics / HMIS Officer

Mar 2025 to Present

PATH · Kisumu/Nyamira, Kenya (Hybrid / Remote)

- Administer Microsoft 365 and Entra ID / Active Directory for users across healthcare sites: accounts, MFA, least privilege, Teams and SharePoint access, keeping identity and mail working at over 98% uptime.
- Maintain backups, encryption, patching, and endpoint protection on Windows and Linux systems; recover services instead of hoping a reboot is enough.
- Support staff remotely across multiple sites — isolate identity vs endpoint vs network, document the fix, and turn repeats into SOPs.

ICT Associate

Jan 2024 to Mar 2025

PATH · Kisumu, Kenya

- Delivered 1st- and 2nd-line support to 120+ users, reaching around 98% uptime and about 25% faster ticket response under SLA.
- Configured Microsoft 365 (Outlook, Teams, SharePoint) and Active Directory (provisioning, group policy, MFA, endpoint protection).
- Monitored Cisco Meraki networks and diagnosed connectivity faults; kept backups and patching on a schedule rather than waiting for an outage.
- Wrote knowledge-base articles and trained users so the same how-to did not become another ticket.

ICT Intern

Apr 2023 to Dec 2023

PATH · Homa Bay, Kenya

- Supported LAN/WAN, desktop imaging, Freshdesk tickets under ITIL/SLA, and IT documentation.

EDUCATION **BSc, Applied Computing · KCA University, Nairobi · November 2023**
Cybersecurity and Digital Forensics. Coursework: Ethical Hacking, Digital Forensics, Data Protection, Cloud Computing.
