END-USER COMPUTING	USERS SUPPORTED	AVAILABILITY	STAFF TRAINED

PROFILE

ICT Technician with about three years of ICT customer support and end-user computing at PATH, a global health organisation with multi-site Kenyan operations. First- and second-line digital workplace services for 120+ users at roughly 98% availability: Microsoft 365 (Teams, SharePoint Online, OneDrive, Outlook), Windows endpoints, Microsoft Entra ID and MFA, onboarding and user training. I clear incidents and service requests against agreed service levels, document the fix, and trace recurring causes. Kenyan national, BSc Applied Computing, AZ-900.

Digital workplace Microsoft 365 - Teams, SharePoint Online, OneDrive, Outlook, Admin Center; collaboration technologies, digital productivity, secure use
Identity and access Microsoft Entra ID / Azure AD, Active Directory, authentication, MFA, provisioning, onboarding and offboarding
Endpoint management Windows 10/11 laptops, desktops, mobile devices; imaging and provisioning, software deployment, patch management, device compliance, endpoint security, asset recovery, Intune / Configuration Manager equivalent
ITSM and service levels Freshdesk, Zoho Desk, Jira Service Management; incidents and service requests, escalation, SLA, knowledge articles and documentation
Adoption and enablement Orientation sessions, digital workplace awareness, productivity demonstrations, Microsoft Copilot / AI-enabled workplace services, 80+ staff trained; Teams meetings and room kit for hybrid workshops and institutional events

EXPERIENCE

Health Informatics / HMIS Officer
Mar 2025 to Present

PATH · Kenya (Hybrid) · available for Nairobi

- First-line and second-line Microsoft 365 and digital productivity support across Teams, SharePoint Online, OneDrive and Outlook: restore the service, escalate complex identity or infrastructure issues with diagnostics attached.
- Onboard new users end to end - accounts, licences, MFA, endpoint devices - run orientation on collaboration and secure use, and keep knowledge articles and user guides current.
- Technical support for hybrid meetings, workshops and institutional events (Teams, room AV) with multidisciplinary teams.

ICT Associate
Jan 2024 to Mar 2025

PATH · Kenya (enterprise, multi-site)

- Owned the digital workplace queue for 120+ users on Freshdesk against agreed service levels: response time down about 25%, availability near 98% across a multi-site environment.
- Owned the Windows endpoint lifecycle: provisioning and imaging, software deployment, patch management, compliance and security checks, preventive maintenance, asset recovery and accurate ICT asset records, using Microsoft imaging, group policy and deployment tooling.
- Administered Microsoft Entra ID / Active Directory and Microsoft 365 licences, permissions and MFA; ran user orientation and productivity demonstrations, and analysed recurring incidents to remove causes.

ICT Intern
Apr 2023 to Dec 2023

PATH · Kenya

- Windows device support, imaging, Freshdesk incidents and end-user documentation under ITIL practice and SLA.

EDUCATION **BSc, Applied Computing · KCA University, Nairobi · November 2023**
Cybersecurity and Digital Forensics. Coursework: Ethical Hacking, Digital Forensics, Data Protection, Cloud Computing.

CERTIFICATIONS AZ-900 · Google IT Support · IBM Technical Support · CCNA · GitHub Professional · Microsoft Data Analysis
