PROFILE

IT Technician with 3 years of IT support and helpdesk at PATH: inbound tickets, hardware, software and network issues, user accounts and company devices, dashboards for device health, technical reports, backups and IT security. I log the case, troubleshoot, resolve or escalate, train the user, and send daily and weekly summaries of what was open, what was offline, and what was done. Salesforce CRM tickets. BSc Applied Computing, KCA University.

Helpdesk and client support Inbound tickets and calls, Freshdesk, Zoho Desk, Jira Service Management, Salesforce CRM tickets, log-troubleshoot-resolve-or-escalate, SLA, recurring-issue notes, daily and weekly case summaries

Dashboards and reports Device-health and performance dashboards (Grafana, Power BI, Tableau, Meraki), flag offline or underperforming devices, trip-style movement and offline logs, technical reports for users and clients

Internal IT Hardware, software and network support, user accounts and access, company device setup, antivirus, backups, IT security controls, IT equipment, licences and credentials inventory, third-party vendor coordination

Training Staff and user training on systems, dashboards and tools, job aids, 80+ people trained

EXPERIENCE

Health Informatics / HMIS Officer

Mar 2025 to Present

PATH · Kenya (multi-site)

- Provide IT support to internal staff and programme users: hardware, software, network, accounts and access, with tickets logged and closed against SLA.
- Monitor dashboards for device and service health, flag offline or underperforming endpoints, and generate technical reports and summaries for the people who asked.
- Support system updates, antivirus, backups and IT security controls, and keep equipment, licence and credential records accurate.

ICT Associate

Jan 2024 to Mar 2025

PATH · Kenya (multi-site)

- Owned the inbound support queue for 120+ users on Freshdesk: log, troubleshoot, resolve or escalate field work, cutting response time about 25%.
- Set up user accounts, configured company devices, managed access including Salesforce CRM tickets (login, access, forms and reports), and coordinated vendors on escalations.
- Watched network and endpoint dashboards for offline devices, trained staff on the tools, and prepared daily and weekly summaries of cases, device health and action taken.

ICT Intern

Apr 2023 to Dec 2023

PATH · Kenya

- Logged Freshdesk tickets, supported desktops, imaging and network issues, and documented recurring faults for the knowledge base.

EDUCATION **BSc, Applied Computing · KCA University, Nairobi · November 2023**
Cybersecurity and Digital Forensics. Coursework: Ethical Hacking, Digital Forensics, Data Protection, Cloud Computing.
