PROFILE

ICT professional with ~3 years at PATH delivering first- and second-line technical support and systems administration for 120+ users across multi-site programs. Strong in Windows 10/11, Microsoft 365 and Active Directory administration, networking (TCP/IP, DNS, DHCP, VLANs), ITIL-style ticketing (Freshdesk/Zoho/Jira), asset inventory, and security basics (MFA, patching, endpoint protection). Sustained ~98% uptime under SLA discipline; trained staff and maintained SOPs/knowledge bases. Seeking an ICT Officer role at USIU-Africa to support service delivery, infrastructure availability, and excellent user experience for staff and students.

Service Desk & ITSM 1st-line support, walk-in/phone/email/ticket channels, Freshdesk, Zoho Desk, Jira Service Management, ITIL, SLA, incident logging, knowledge base

Windows & Microsoft 365 Windows 10/11, Microsoft 365 Admin (Outlook, Teams, SharePoint), Active Directory / Entra ID, MFA, onboarding/offboarding, Group Policy basics

Networking & Infrastructure LAN/WAN, TCP/IP, DNS, DHCP, VLANs, VPN, Wi-Fi, Cisco Meraki, switches/routers, monitoring and escalation

Security & Compliance Endpoint protection, antivirus/patching, MFA/IAM, least-privilege access, security awareness, access logging; Kenya DPA awareness

Assets, AV & Continuity ICT asset inventory/tagging, license tracking (M365), backups & DR logs, VoIP/AV and training-venue setup support

Enterprise apps & data Rapid adoption of line-of-business systems; KenyaEMR/DHIS2 support experience; SQL reporting; documentation/SOPs

EXPERIENCE

Health Informatics / HMIS Officer (ICT support retained)

Mar 2025 – Present

PATH · Kisumu/Nyamira, Kenya (Hybrid)

- Provide ICT and systems support for 120+ users alongside HMIS duties, sustaining >98% uptime for critical services.
- Administer Microsoft 365 and Active Directory accounts, MFA, and least-privilege access; support Windows endpoints and server backups.
- Monitor systems and escalate infrastructure or security incidents promptly; maintain operational logs and documentation.
- Support user enablement on enterprise digital tools; train staff and update SOPs/knowledge-base articles.
- Maintain IT asset awareness and assist with equipment accountability across program sites.

ICT Associate

Jan 2024 – Mar 2025

PATH · Kisumu, Kenya

- Served as a primary contact for ICT support requests; resolved Level 1/2 incidents (accounts, software, connectivity) under ITIL/SLA workflows.
- Delivered support to 120+ users with ~98% uptime and ~25% faster ticket response through disciplined queue management (Freshdesk/Zoho Desk).
- Executed user onboarding/offboarding: Active Directory and Microsoft 365 provisioning, access rights, and deprovisioning for audit-ready access control.
- Configured and monitored Cisco Meraki network devices; troubleshot LAN/WAN, DNS, DHCP, VPN, and Wi-Fi issues.
- Supported endpoint protection, patching, and MFA; performed health checks on PCs, printers, and related peripherals.
- Maintained IT asset inventory records; authored knowledge-base articles and delivered user training.

ICT Intern

Apr 2023 – Dec 2023

PATH · Homa Bay, Kenya

- Supported LAN/WAN, routers, switches, structured cabling, printers, VoIP, and desktop imaging (PXE).
- Logged and tracked Freshdesk tickets under SLA monitoring; contributed to process documentation and internal IT audits.
- Assisted facility digitalization deployments and day-to-day ICT troubleshooting for non-technical users.

EDUCATION

BSc, Applied Computing · KCA University, Nairobi · November 2023

Cybersecurity and Digital Forensics. Coursework: Ethical Hacking, Digital Forensics, Data Protection, Cloud Computing. Capstone: designed and implemented a secure office network (VLANs, Active Directory, backup and disaster recovery).

CERTIFICATIONS

CCNA · Microsoft Azure Fundamentals (AZ-900) · Google IT Support · IBM Technical Support · GitHub Professional · Microsoft Data Analysis

SELECTED RESULTS

- Supported 120+ users at >98% uptime with SLA-driven service desk discipline — aligned to high-availability service goals.
- Improved ticket response ~25% and cut reporting/processing effort ~40% through structured workflows and automation.
- Trained 80+ staff on digital tools, secure use, and data quality — strong campus user-enablement signal.
- Cybersecurity hackathon participant (Cyberise / CA Kenya; NRF), reinforcing security-awareness mindset.
