PROFILE

Administrator supporting field staff and regional operations in East Africa. Keeps people, files and systems current: staff records, onboarding, team channels, site logistics, documentation and after-hours operational cover. Concurrent PATH work: Field Programme Administrator on Nuru ya Mtoto (ECD) and Health Informatics / HMIS Officer. Microsoft 365, Google Workspace, Sheets, Teams, Freshdesk. English, used to tight operational deadlines and a flexible rota.

Staff records Onboarding and offboarding files, contact profiles, access and expiry-style tracking, digital filing
Field ops Site logistics, vendor follow-up, training and meeting admin, multi-site East Africa including Zambia touchpoints
Systems and comms Microsoft 365, Google Workspace, Sheets, Teams channels, SharePoint / Drive, Freshdesk, portals
Pressure After-hours incident rotation, clear English, status before anyone has to chase
Documentation SOPs, trip-style packs, knowledge base, receipts and transaction notes, monthly reporting

EXPERIENCE

Field Programme Administrator, Nuru ya Mtoto (ECD)

Mar 2025 to Present

PATH · Concurrent with HMIS Officer · Kenya (Hybrid / Remote)

- Compile and keep field packs current for programme staff: trackers, contacts, notes and files so the next trip or forum does not start from zero.
- Follow up across field and office teams, including Zambia ECD learning touchpoints. Flag delays in writing and escalate to the lead.
- Support meetings and training: attendance, logistics and the write-up afterwards.

Health Informatics / HMIS Officer

Mar 2025 to Present

PATH · Kisumu/Nyamira, Kenya (Hybrid / Remote)

- Keep KenyaEMR/TaifaCare and DHIS2 running for field sites at above 98% uptime. Stay calm when something is down, isolate the layer, restore, document.
- Maintain operational databases, reporting cycles and HIS documentation. Reporting effort down about 40% through tighter Excel workflows.

Regional Operations & Staff Administrator

Jan 2024 to Mar 2025

PATH · Kisumu, Kenya (multi-site)

- Ran day-to-day staff administration for 120+ people across sites: records, onboarding, offboarding, Teams channels and a live task board (Freshdesk). Response about 25% faster.
- Kept digital files, asset notes and knowledge-base articles accurate. Tracked who was current and who had left so access matched the roster.
- Coordinated site logistics and vendor follow-up (travel between sites, connectivity, equipment). Trained 80+ staff. Covered after-hours incidents on rotation.

Projects & Consulting (project-based)

2023 to Present

Independent · Remote

- Remote admin and systems work: Google Workspace / Microsoft 365, documentation, onboarding and follow-up until the client could run the file.

EDUCATION

BSc, Applied Computing · KCA University, Nairobi · November 2023
Cybersecurity and Digital Forensics. Coursework: Ethical Hacking, Digital Forensics, Data Protection, Cloud Computing.
