Dear Hiring Team,

I am applying for the Project Assistant role. At PATH I hold two concurrent streams. On ECD / Nuru ya Mtoto I support nurturing-care implementation: trackers, data collection, meeting packs, follow-up across teams, and Zambia learning touchpoints. Separately, as Health Informatics / HMIS Officer I keep KenyaEMR/DHIS2 and reporting cycles running, with documentation and Excel workflows that cut reporting effort about 40%.

I also support day-to-day operations for 120+ people: schedules, documentation, Teams, Microsoft 365, Google Workspace, and a live task board (Freshdesk / Jira Service Management). I will live in your project tool from week one.

I am based in Kenya, fully remote, and I work in English every day.

Thank you.

Sincerely,
Meshack Ariri
