PROFILE

Project coordinator with around three years running multi-site work at PATH: timelines, task follow-up, stakeholder updates, and documentation for 120+ people at roughly 98% uptime. Keeps deliverables visible, flags delays early, and writes the record so the next person can pick it up. Comfortable with Microsoft 365, Google Workspace, Teams, Excel, and ticket/status tools (Freshdesk, Jira Service Management). Also delivers independent projects remotely for small businesses and ships a four-county operations platform. English, remote-ready, used to changing priorities.

Coordination Timelines, milestones, task follow-up, meeting cadence, status updates, risk flag and escalate
Stakeholders Internal teams, field sites, vendors, remote English; Zambia programme touchpoints
Documentation SOPs, job aids, knowledge base, status notes, reports, SharePoint / Drive records
Tools Microsoft 365, Google Workspace, Teams, Excel (incl. VBA), Power BI, Freshdesk, Zoho Desk, Jira Service Management
Delivery Independent remote work, multiple deadlines, process improvement, onboarding logistics

EXPERIENCE

Health Informatics / HMIS Officer
Mar 2025 to Present

PATH · Kisumu/Nyamira, Kenya (Hybrid / Remote)

- Coordinate HIS and reporting work across facilities: collection cycles, deadlines, and status for programme and leadership, keeping critical systems above 98% uptime.
- Run the paper trail: SOPs, job aids, operational reports, and dashboards (Power BI / Grafana) so stakeholders see progress without chasing.
- Work across clinical, ICT and monitoring teams. Flag data-flow or access risks and escalate with a clean note.
- Follow up until the task is done: training sessions, system changes, and monthly HIS reporting that cut processing time about 40%.

ECD / Nurturing Care, Nuru ya Mtoto
Mar 2025 to Present

PATH · Concurrent with HMIS Officer · Hybrid / Remote

- Support ECD / nurturing-care implementation: trackers, data collection, meeting packs, and follow-up, including Zambia learning touchpoints.

ICT Associate
Jan 2024 to Mar 2025

PATH · Kisumu, Kenya

- Coordinated day-to-day operations for 120+ users: assigned work in Freshdesk/Zoho Desk, tracked SLA, followed up, escalated. Ticket response improved about 25%.
- Scheduled onboarding and offboarding, vendor/ISP follow-ups, and Teams updates so joiners, leavers, and blockers did not sit in someone's inbox.
- Kept project records current: knowledge-base articles, asset notes, and meeting follow-ups. Trained 80+ staff so the process carried the work.

Projects & Consulting (project-based)
2023 to Present

Independent · Remote

- Coordinate remote delivery for small businesses: Google Workspace / Microsoft 365 setup, onboarding, documentation, and follow-up until the client can run it without you.
- Scoped, tracked, and shipped the County Health Systems Operations Platform (Next.js, 40+ APIs) across four counties, with how-to docs included.
