

EDUCATION

KCA University

Nairobi, KE

- Bachelor of Science in Applied Computing November 2023
- Related Coursework: Artificial Intelligence, Cloud Computing, System Analysis and Design, Ethical Hacking, Criminology, Data Protection
- Capstone Project – Designed and implemented a secure office network with VLANs, Active Directory, and backup protocols to simulate real-world IT administration. Demonstrated hands-on skills in server setup, user access control, disaster recovery planning, and network security.

EXPERIENCE

Program Appropriate for Technology in Health (PATH)

Nyamira, KE

HMIS

March 2025- Present

- Provide technical support for users across EMR systems (KenyaEMR/TaifaCare, DHIS2), resolving issues promptly and maintaining high service availability.
- Manage support tickets and workflows using Zoho Desk and Freshdesk to ensure SLA compliance.
- Troubleshoot and escalate complex software and database issues to development teams.
- Develop and maintain user documentation, FAQs, and training guides to improve usability.
- Conduct system training sessions for health facility staff, focusing on proper data entry and secure system use.
- Track and report on system performance, ticket trends, and incident resolutions.

Program Appropriate for Technology in Health (PATH)

Kisumu, KE

ICT Associate

Jan 2024- March 2025

- Provided first- and second-line IT support to over 120 users across multiple departments and locations.
- Installed, configured, and maintained Windows 10/11 PCs, printers, VoIP devices, and Microsoft 365 applications.
- Managed user access, password resets, and group policy enforcement via Active Directory.
- Supported CRM and ticketing systems (Zoho Desk, Freshdesk), achieving a 25% improvement in response time.
- Collaborated with developers to resolve system integration and connectivity challenges.
- Authored process documentation and contributed to IT user training and onboarding programs.
- Monitored and optimized network devices, ensuring secure and stable connectivity.

Program Appropriate for Technology in Health (PATH)

Homabay, KE

ICT Intern

April 2023- December 2023

- Provided user and system support for LAN/WAN infrastructure, routers, and switches.
- Logged and tracked support issues in Freshdesk, ensuring timely follow-up and resolution.
- Assisted with desktop deployment, VoIP configuration, and server room diagnostics.
- Participated in process documentation and helped develop internal IT knowledge base articles.
- Supported user training and demonstrations for newly deployed digital systems.
- Shadowed senior engineers on server provisioning, firewall rules, and VLAN segmentation.

SKILLS AND ACTIVITIES

- Technical Support – Ticket management, remote troubleshooting, Zoho Desk, Freshdesk, Jira Service Management
- System Administration – Windows Server (2016/2019/2022), Active Directory, Group Policy, Linux (Ubuntu/CentOS)
- Networking – LAN/WAN setup, VPNs, VLANs, router configuration, performance monitoring
- Documentation – Process guides, user manuals, knowledge base articles, IT asset tracking
- Collaboration Tools – Microsoft Teams, Outlook, SharePoint, Office 365
- Cloud & Automation – Microsoft Azure, PowerShell, Bash, Git/GitHub workflows
- Soft Skills – Communication, multitasking, analytical thinking, teamwork

ACHIEVEMENTS

- **Enhanced IT response efficiency** by streamlining ticket workflows in Zoho Desk and Freshdesk.
- **Conducted over 15 user training sessions** to improve system adoption and reporting accuracy.
- **Cyber Rise Hackathon (Huawei, 2023):** Participated in a national cybersecurity challenge on incident response.
- **Blockchain Security Hackathon (CP Hub, 2024):** Designed secure smart contract testing workflows.
- **Campus Innovation Weeks (KCA University, 2022–2023):** Developed automation scripts for IT support use cases.
