Re: Application – Technical Support Associate

Dear Hiring Manager,

I am writing to express my interest in the Technical Support Associate position at Greenwheels. With over three years of professional experience in IT systems and end-user support, I have developed strong expertise in troubleshooting, CRM-based ticket management, and user training—skills that align closely with Greenwheels' commitment to providing efficient and user-centered technical services.

In my current role at PATH, I support over 120 users across multiple systems, including EMR and CRM platforms, ensuring issues are resolved promptly and service levels consistently met. My hands-on experience with Zoho Desk and Freshdesk has strengthened my ability to manage support workflows efficiently, document recurring issues, and collaborate with developers to address technical challenges. Additionally, I have developed and delivered user training materials and process documentation to streamline system adoption and improve user satisfaction.

I am particularly drawn to Greenwheels' mission of making streets more liveable by offering sustainable mobility solutions. I believe my background in IT support, process improvement, and customer-focused communication can contribute to maintaining reliable internal systems and seamless user experiences that power this mission.

I bring to the role a strong analytical mindset, attention to detail, and the ability to handle multiple requests while maintaining service quality. I am confident that my technical background and collaborative approach make me a strong fit for your team.

Thank you for considering my application. I would appreciate the opportunity to further discuss how my skills and experience align with Greenwheels' goals.

Thank you for considering my application.

Sincerely,
Meshack Ariri
